CHIPPERS

The best.  
Chippers for any application.

## Hansa C13 Chipper

Hansa Chippers are manufactured here in New Zealand and are made rugged and durable to withstand the hardest of tasks. The C13 is ideal for schools, hire centres, orchards, life style block or farm use. A high discharge height and large in-feed chute makes for trouble free chipping. Chipping capacity approx. 80-90mm diameter.

- One in-feed chute with large opening at a convenient operating height
- Manufactured in NZ – frame made out of 5mm steel plate with powder coat finish
- Cutting system designed to handle flax, palm fronds similar material without wrapping around the rotor shaft.
