

Husqvarna 520iHD60 without battery and charger

Lightweight, quiet and battery-powered hedge trimmer for commercial use with 60cm long double-sided cutter bar. New proprietary motor and new powerful battery will allow you to maximise your working time. The pivoting rear handle makes it easier when cutting both vertically and horizontally.

Petrol performance

The battery back provides an equally high power, reliable operation and long lifetime as petrol-driven machines – without any direct emissions. Also, you get as much done on a single charge, as you would manage on one tank of petrol.

Well balanced

Well balanced for easy handling.

Interchangeable Battery System

Able to be used in all Husqvarna battery tools, our lithium-ion batteries are durable, easy to swap and recharge quickly

Intuitive key pad

The keypad is intuitive to operate, and you can easily adjust the settings with just the push of a button.

FEATURES

- Able to be used in all Husqvarna battery tools, our lithium-ion batteries are durable, easy to swap and recharge quickly
- Well balanced for easy handling
- High power equally to petrol performance
- The keypad is intuitive to operate, and you can easily adjust the settings with just the push of a button.
- Multi position handle for easier cutting
- Less parts to serve and an electronically controlled drive system means less downtime and low operation costs.
- Low noise levels create pleasant work and enable longer working hours even in the most public settings.
- Gear up for nonstop operation
- The battery is placed horizontally through the machine to reduce the risk of dirt and water getting into the battery compartment.
- This product does not emit CO₂ emissions during use.
- The 4000 cuts per minute ensure great cutting results.
- Low total weight, thanks to fewer components and a lightweight electric motor, provides more comfortable use.
- SavE™ mode maximises the run time by lowering the rpm and is ideal for tasks that do not require full power.
- Fulfils the IPX4 classification for rain resistance, so you can get the job done in all weather conditions.
