

Husqvarna 530iPT5 without battery and charger

Telescopic battery pole saw for professionals, with 5m telescopic reach and performance that surpasses petrol equivalents. Maximum performance and durability with low weight, excellent ergonomics and quiet operation for use in any location at any time of day.

Battery Through Body Design (Pat. pend.)

The battery is placed horizontally through the machine to reduce the risk of dirt, water, chips and dust getting into the battery compartment, causing connector issues. Also, it enhances the weight distribution and balance of the tool, making it more user-friendly with increased maneuverability. The through body design also offers a high degree of flexibility since it allows battery packs of different sizes to be used.

Power-Conserving savE™ Mode

SavE™ mode maximises the run time, reduces noise levels and preserves product battery life by lowering the rpm. Ideal for tasks that do not require full power. Just press the button to turn savE™ mode on and off.

Weatherproof (IPX4)

This battery-powered Husqvarna machine fulfils the IPX4 classification for rain resistance. This makes it a long-lasting and reliable tool that can be used all year round in all weather conditions.

Intuitive keypad

The keypad is intuitive to operate, and you can easily adjust the settings with just the push of a button.

FEATURES

- Fulfils the IPX4 classification for rain resistance, so you can get the job done in all weather conditions.
- SavE™ mode maximises the run time by lowering the rpm and is ideal for tasks that do not require full power.
- The battery is placed horizontally through the machine to reduce the risk of dirt and water getting into the battery compartment.
- The keypad is intuitive to operate, and you can easily adjust the settings with just the push of a button.
- In-house developed brushless motor provides a high and consistent torque.
- Ergonomic handle with easy access to the controls.
- A harness relieves weight for both arms and shoulders and provides a less strenuous working position.
- Fast, smooth cutting
- Telescopic tube for quick cutting height adjustment
- Rear impact guard
- Low noise levels create pleasant work and enable longer working hours even in the most public settings.
- Less parts to serve and an electronically controlled drive system means less downtime and low operation costs.
- Able to be used in all Husqvarna battery tools, our lithium-ion batteries are durable, easy to swap and recharge quickly
- This product does not emit CO₂ emissions during use.

Technical Specifications	
BATTERY	
Battery	No
Battery type	Li-Ion
Battery voltage	36 V
CAPACITY	
Chain speed at max power	20 m/s
DIMENSIONS	
Article gross weight	9300 g
Article net weight	6000 g
Bar length	25 cm
Full length, including cutting equipment	400 cm
Length, extended, including cutting equipment	400 cm
Size	10
Tube diameter	24 mm
Tube length	2205 mm
Weight (excl. battery and cutting equipment)	5 kg
Weight (excl. cutting equipment)	5 kg
ENGINE	
Motor type	BLDC (brushless)
EQUIPMENT	
Chain type	H00
Sprocket type	Spur 8
LUBRICANTS	
Oil tank volume	0.15 l
Power/fuel type	Battery
MATERIALS	
Master pack: Paper material	0 g
Metal total	0 g
Paper material total	0 g
HDPE (02) total	0 g
PET (01) total	0 g
Plastic foil total	0 g
Plastic rigid total	0 g
Plastic total	0 g
PS/EPS/HIPS (06) total	0 g
PACKAGING	
Packaging height	224 mm
Packaging length	2696 mm
Packaging volume	172.72 dm ³
Packaging width	286 mm
Quantity in Master pack	1
SOUND AND NOISE	
Sound power level, guaranteed (LWA)	98 dB(A)
Sound power level, measured	98 dB(A)
Sound pressure level at operators ear	83 dB(A)
VIBRATIONS	
Daily Vibration (Aeqv)	1.4 m/s ²
Daily Vibration Exposure (A8)	0.4 m/s ²
Daily Vibration Time (Time factor)	0.5 h
Equivalent vibration level (ahv, eq), front handle, collapsed	1.4 m/s ²
Equivalent vibration level (ahv, eq) rear handle	1.2 m/s ²
Equivalent vibration level (ahv, eq), rear handle, extended	1.2 m/s ²
