

Charger QC500

The Husqvarna QC500 Charger is optimised for fast charging of Husqvarna backpack batteries, plus the integrated BLi300 battery. 500W output with active battery cooling charges batteries up to 50% faster than our QC330 charger, cutting downtime as it increases productivity.

Flexible BLi-X Battery System

The high performing BLi-X 36V battery system offers a wide range of options, from lightweight integrated- to backpack batteries. The batteries within our 36V system are built to be used over a long time, are quick to recharge and even quicker to swap for continuous use. Our BLi-X battery system allows flexible use in different Husqvarna tools. You will always find a tailored battery solution that perfectly suits your task at hand.
