

## HUSQVARNA 120iB - Skin Only

Husqvarna 120iB is a lightweight and easy-to-use battery-powered leaf blower, suitable for small and medium gardens. Three different modes enable optimal performance based on needs, from light tasks to tasks requiring full power. The compact design, soft-grip, low weight and perfect balance provide excellent ergonomics for comfortable work.

### Excellent ergonomics

Superb product balance, comfortable handle grip, and intuitive keypad provide excellent ergonomics for comfortable work.

### Fast acceleration when starting

Fast acceleration when starting, makes the job more efficient.

### 3 different modes for best performance depending on need or task.

Three modes give you an optimal performance based on needs, from light tasks to tasks requiring full power. 3N for more minor duties inside or outside. 7N for good power, suitable for most tasks. 10N for tougher duties and when full power is needed.

### Efficient Brushless Motor

Brushless motor for higher efficiency, longer lifetime, and less maintenance compared to brushed motors. Since there are no brushes, friction is eliminated, no energy is lost, and the motor runs cooler. This also eliminates the need for maintenance or replacement of worn brushes, and you can benefit from improved performance and higher torque.
