

## HUSQVARNA 110iL with battery and charger

Husqvarna 110iL is the ideal battery grass trimmer for smaller gardens, operating with low noise, vibrations and no direct emissions. Designed to be extremely easy to use. This battery grass trimmer delivers superb work results, thanks to features such as auto feed trimmer head, foldable Plant Guard bracket and Edging mode with integral support wheel. The split shaft makes it very easy to transport and store.

### Auto feed

Automatic line feed with dual lines will ensure optimal trimmer line length without effort and a more even trimming result than trimmers with one line. Husqvarna Trimmer Head A15B works perfectly for both trimming and edging. The ultimate option for versatile and carefree use.

### Edging mode

Simply twist the trimmer head to use the integral support wheel and benefit from increased control and precision when cutting lawn edges.

### Easily switchable 110iL FLXi attachments

Easily switchable attachments enabling you to carry out all common garden tasks with one tool. Fits the 110iL FLXi system.

### Interchangeable Battery System

Husqvarna's flexible 36V system BLi-X offers battery power for everything from light and demanding homeowner tasks to professional use. One battery can be used for several tools, and the wide range of options, from lightweight integrated to backpack batteries, makes it easy to find a tailored, powerful solution that perfectly suits your task at hand. All the batteries deliver high performance, are built to be used over a long time, and can be recharged and swapped quickly for continuous use.
