

Husqvarna 215iHD45 with battery and charger

Husqvarna 215iHD45 is a double-sided battery hedge trimmer, ideal for any type of hedge, and has enough power to handle thicker branches. The ergonomic handle and perfect balance make it easy to switch from cutting the top of the hedge to the side of the hedge. Ease of use is also ensured with the digital user interface, hard top buttons and the possibility to use the product with any Husqvarna 36V battery. When maximum power is not required for the current task, the savE™ mode can be used to increase battery runtime.

Efficient Brushless Motor

Brushless motor for higher efficiency, longer lifetime, and less maintenance compared to brushed motors. Since there are no brushes, friction is eliminated, no energy is lost, and the motor runs cooler. This also eliminates the need for maintenance or replacement of worn brushes, and you can benefit from improved performance and higher torque.

User friendly keypad

We have thoughtfully designed our products with an easy to operate and use intuitive keypad. Ensuring you can optimise your time and the performance of your product with the simple touch of a button. Equipped with LED indicators showing battery status and ruggedised hard top buttons for improved control.

Low Carbon Emissions

By choosing this product, you can feel confident that it produces lower carbon emissions during active use compared to a traditional petrol product. This battery-driven product does not emit any CO₂ during use while still providing the power and quality that you expect from a Husqvarna product. However, it's important to note that CO₂ emissions are generated during other stages of the product's lifecycle, such as production, charging and end-of-life disposal.

Automatic shutdown

The product automatically shuts down when left unattended, extending battery life and reducing injury risk.

FEATURES

- This product does not emit CO emissions during use.
- We have thoughtfully designed our products with an easy to operate and use intuitive keypad.
- Brushless motor for higher efficiency, longer lifetime and less maintenance compared to brushed motors.
- The product automatically shuts down when left unattended, extending battery life and reducing injury risk.
- SavE™ mode maximises the run time by lowering the rpm and is ideal for tasks that do not require full power.
- Husqvarna's flexible 36V system BLi-X offers battery power for everything from light and demanding homeowner tasks to professional use.
- The battery is placed horizontally through the machine to reduce the risk of dirt and water getting into the battery compartment.
- Compact, lightweight design for comfortable, ergonomic use and less strain on the body.
- The low noise level contributes to a pleasant working environment and minimal disturbance to the surroundings.

| Technical Specifications | |
|---|----------------------|
| BATTERY | |
| Battery | Yes |
| Battery charger | 40-C80 |
| Battery manufacturer | BMZ |
| Battery pack weight | 0.7 kg |
| Battery type | Li-Ion |
| Battery voltage | 36 V |
| Number of batteries included | 1 |
| CAPACITY | |
| Cutting speed | 3000 cut/min |
| Teeth opening | 33 mm |
| DIMENSIONS | |
| Full length, including cutting equipment | 102 cm |
| Knife length | 45 cm |
| Recommended maximum twig diameter | 25 mm |
| Weight (excl. battery) | 3.2 kg |
| ENGINE | |
| Gear ratio | 13 |
| Motor type | BLDC (brushless) |
| EQUIPMENT | |
| Drive gear angle | 20 ° |
| Connectivity | Not applicable |
| LUBRICANTS | |
| Power/fuel type | Battery |
| PACKAGING | |
| Packaging height | 183 mm |
| Packaging length | 1060 mm |
| Packaging volume | 49 dm ³ |
| Packaging width | 255 mm |
| Quantity in Master pack | 1 |
