

Husqvarna LC 247i

Husqvarna LC 247i battery lawn mower has a large cutting width and double battery slots so that you can take care of medium-sized lawns easily and efficiently. Features the savE™ mode for maximum run time when performing mowing that does not require full power, and PowerBoost to handle thicker grass efficiently. Adjustable handle, easy-to-reach bail, and quick and easy cutting height adjustment offer great ergonomics. The handle and collecting bag are foldable for better storage.

Lifting handle front and rear

Easy-to-grip handles in front and rear facilitate lifting into storage spaces, the car, or carrying up stairs.

Easy adjustable handle

Quick and easy adjustment of the handle in two different heights.

Ergonomic handle

Ergonomic angle of the handle in combination with easy to reach bail arms makes operation easy.

Central cutting height adjustment

Quick and easy adjustment of the grass cutting height. One lever controls the whole deck.

FEATURES

- Ergonomic angle of the handle in combination with easy to reach bail arms makes operation easy.
- Quick and easy adjustment of the handle in two different heights.
- Easy-to-grip handles in front and rear facilitate lifting into storage spaces, the car, or carrying up stairs.
- Quick and easy adjustment of the grass cutting height. One lever controls the whole deck.
- Easily fold the handle to minimize space required for storing and transportation.
- The low noise provides a comfortable work situation and low disturbance for others.
- Two batteries provide a long run time and the opportunity to work more efficiently with fewer interruptions.
- Automatic increase of blade speed when mowing in tough conditions means extra power.
- SavE™ mode maximises the run time by lowering the rpm and is ideal for tasks that do not require full power.
- Intuitive easy-to-use key pad with all information in one place for convenient operation.
- Husqvarna's flexible 36V system BLi-X offers battery power for everything from light and demanding homeowner tasks to professional use.
- This product does not emit CO emissions during use.

Technical Specifications

BATTERY	
Battery charger	Not included
Battery	Not included
Battery type	Li-Ion
Battery voltage	36 V
CAPACITY	
Net power at preset rpm	3000 rpm
DIMENSIONS	
Article gross weight	30000 g
Article net weight	26500 g
Collector volume	55 l
Cutting width	47 cm
Handle height adjustment	2 Step
Weight (complete product w/o side packed articles)	24.5 kg
Wheel size, Front	170 mm
Wheel size, Rear	210 mm
Wheelbase	66 cm
EQUIPMENT	
BioClip® kit	Available as accessory
BioClip® plug	Not included
