

Husqvarna Aspire™ Pruner 18V + Pole Kit With 4.0Ah Battery and 2.5Ah Charger

A battery pruning saw to be used with or without extension pole. Easily attach and adjust the pole up to 1.7m, making it easier to reach higher branches. Built on our proven chainsaw expertise, it's robust enough to easily cut branches 75mm wide. Equipped with a soft grip handle with an easy and tool free replacement of chain and bar and improved safety with the automatic shutdown when left unattended. Storage is made easy with the included hook and part of the 18V POWER FOR ALL battery system. The Husqvarna Aspire™ battery powered tools has been developed with limited space in mind. This is why every product comes with a tailor made storage hook which can be mounted directly on the wall or used with the Husqvarna Aspire™ Storage Rail system. This tool storage can be extended with all gardening tools alongside the Aspire™ rail system. This product is part of the POWER FOR ALL ALLIANCE and compatible with numerous other batteries and chargers from participating brands. This means that you only need to buy one battery for all your home and garden products.

POWER FOR ALL ALLIANCE battery system

The 18V POWER FOR ALL ALLIANCE battery system is optimal for home and garden tasks. One battery can be used for several tools and gardening brands, which allows great flexibility and less storage. Available in two sizes, Husqvarna's 18V batteries have been optimised for Aspire™ tools to ensure improved power and efficient run time and to suit a variety of DIY projects in your garden. In addition, the compact battery size and the low weight facilitate usability, making every task more convenient and efficient.

Automower® Aspire™ R4 is not part of POWER FOR ALL ALLIANCE and is powered with a built-in battery.

Compact Storage

Made for easy storage with its tailor-made hook and compact design, Aspire™ tools can easily become even less bulky thanks to adjustable, collapsible or detachable parts that facilitate both storage and transport in tight spaces such as small sheds or cars. Using the hook included in every package, you can choose to store them directly on the wall or hang on our wall-mounted storage rail, part of the Husqvarna Storage system. Rail accessory sold separately.

Compact Performance

The compact size and low weight of every Husqvarna Aspire™ product improve maneuverability and boasts an impressive amount of Husqvarna innovative technologies – all to increase the machine's capacity and efficiency while consistently delivering great results in your suburban garden.

Intuitive Handling

The sleek black design of the Husqvarna Aspire™ range is complemented by orange details that intuitively guide you to all interaction points. And improved ergonomics, like adjustable handles, and robust materials help you take on any garden project with ease.

FEATURES

- Compact size and low weight and an impressive amount of Husqvarna innovative technologies.
- Made for easy storage with its tailor made hook and compact design.
- Part of the POWER FOR ALL ALLIANCE - One single battery for 10+ brands and 100+ devices.
- Sleek black design complemented by orange details that intuitively guide you to all interaction points.
- The soft grip handle ensures maximum comfort while you work
- Enjoy a ladder-free pruning experience when attaching the adjustable telescopic shaft.
- Enjoy total control and efficient work with the digital user interface. Start/stop button and battery status.
- Low noise levels create pleasant work and enable longer working hours without disturbing your neighbors.
- With the smart Husqvarna Connect app, you'll have easy access to tips, manuals and spare part recommendations.
- This product does not emit CO emissions during use.

Technical Specifications	
BATTERY	
Battery	Yes
Battery capacity	4 Ah
Battery type	Li-Ion
Battery voltage	18 V
CAPACITY	
Chain speed at max power	5 m/s
DIMENSIONS	
Article gross weight	6420 g
Article net weight	4910 g
Bar length	152.5 cm
Length, extended, including cutting equipment	221 cm
