

## Husqvarna 325iR

The pro-grade quality and performance of this battery brushcutter effectively tackle thick grass and light brush in any weather. Its brushless E-torq motor has active cooling for maximum efficiency and is rear-mounted for optimal balance and motor protection. The ergonomic handle, digital UI, premium harness and soft grip handle increase comfort and convenience. Its included trimmer head, Combi Guard and metal grass blade ensure perfect results every time. Part of Husqvarna BLi-X 36V battery system.

### Interchangeable Battery System

Husqvarna's flexible 36V system BLi-X offers battery power for everything from light and demanding homeowner tasks to professional use. One battery can be used for several tools, and the wide range of options, from lightweight integrated to backpack batteries, makes it easy to find a tailored, powerful solution that perfectly suits your task at hand. All the batteries deliver high performance, are built to be used over a long time, and can be recharged and swapped quickly for continuous use.

### Brushless E-TORQ Motor

The Husqvarna-developed E-TORQ motors are perfectly adapted for each application. The brushless design minimizes the number of moving parts and the motors are built to withstand tough, prolonged professional use. They are completely maintenance-free and will last for the product's whole lifespan.

### Optimised shaft & gear

Optimised shaft length and 35 degree bevel gear facilitates operation and allows the cutting equipment working parallel to the ground.

### Comfortable working position

Working with harness and eyelet equipped machine gives a comfortable working position.

## FEATURES
